GOODWIN

With more than 350 lawyers across the globe focused on the technology sector, we bring an all-inclusive, coordinated team approach that helps bring together business, emerging markets, investors, and new technologies. We don't just help the innovators and the investors "get ideas off the ground," we work with founders and investors from their earliest stages of development to maturity, supporting clients at all stages of the corporate lifecycle.

Corporate: The Elite (Nationwide) | What the team is known for:

"We use Goodwin extensively because it's an all-service, tremendous firm. Its lawyers are smart, practical and focused on getting transactions done."

**Chambers
AND PARTNERS**
2022

Goodwin prides itself on its commitment to client value. We are pleased to partner with you on a variety of offerings related to both our practice and business of law to help build partnership across our organizations. Some of our key offerings include:

Board Meetings

Our lawyers attend regularly-scheduled board meetings at no cost to cohort companies. We believe attending these meetings will give us a deeper understanding of ongoing business needs and concerns and allow us to provide our services more efficiently.

Onboarding

We provide three free hours of onboarding time to allow our team to familiarize themselves with existing matters as well as review key priorities and initiatives of the company.

**Pre-Funding
Start-Up Deferral**

A key component of our value proposition is our extensive experience providing legal services with a pre-funding start-up deferral arrangement for eligible companies.

**Alternative Fee
Arrangements**

We also offer service specific transactions and projects with an alternative fee or fixed-fee basis, provided that both parties agree on the scope and assumptions. This ensures that you will never be surprised by a bill for legal services that are beyond expectations.
